YOUR JEEP CERTIFIED COLLISION REPAIR FACILITY... IS LOCATED RIGHT HERE AT EASTERN CHRYSLER.

There are many things to consider when getting your Jeep repaired. Is the shop certified? Is the technician qualified? Do they use authentic Jeep Mopar parts? Will they get my vehicle back to its pre-accident condition? When you use a Jeep Certified Collision Repair Facility, the answer is yes to all of the above.

TRUST US TO MAKE IT EASY FOR YOU

We will make estimating and insurance approvals anxiety-free. For fast approvals, we will communicate proactively with your insurer by transmitting images and information digitally along with working with your adjuster directly to get you back on the road quickly and efficiently.

DESIGNED TO FIT

Generic aftermarket parts often can't match Mopar's precision. In fact, studies show that generic parts deviate considerably in their accuracy of fit, due to dimensional variance, and that as many as four out of five non-OEM (Original Equipment Manufacturer) aftermarket crash parts are inferior to OEM parts.*

They're the same parts and components used at the factory to build your vehicle. It's a difference you can see:

- ✓ They install with a precise, good-as-new fit.
- ✓ Eliminate odd gaps, mismatched or slightly "off" alignments.
- ✓ Utilize the same quality materials, paints and coatings to match your vehicle.
- ✓ Maintain the same level of corrosion protection as your vehicle did when it was new.

*Based on the Crash Part Certification Study by the Department of Consumer Affairs and Bureau of Automotive Repair (BAR), in consultation with the California Department of Insurance.

KEEPING YOUR VEHICLE LIKE NEW

Keeping your vehicle “like new” helps ensure you’ll get the greatest return on your investment at the time of resale. Also, if you lease your vehicle, you’ll be expected to return it “up to standard,” otherwise, you may be required to pay additional termination charges. Authentic Collision Repair Parts by Mopar help protect you and your investment, and help minimize the possibility that your vehicle will lose some of its value unnecessarily.

QUICK AND CORRECT. DELIVERED WITH A LIMITED LIFETIME WARRANTY.

We practice a “fix it right the first time” philosophy. Using our advanced production system, accompanied by state-of-the-art equipment and factory-trained technicians, we will repair your vehicle back to showroom-like condition.

We guarantee that all repairs carried out on your vehicle will meet or exceed industry standards and we always strive to deliver 100% satisfaction. We stand behind our workmanship with a limited lifetime warranty on all repairs performed. In addition, parts are subject to manufacturer’s warranty if applicable.
