AutoCanada COLLISION CENTRES

YOUR BUICK CERTIFIED REPAIR FACILITY IS LOCATED RIGHT HERE AT MCNAUGHT BUICK COLLISION CENTRE.

There are many things to consider when getting your Buick repaired. Is the shop certified? Is the technician qualified? Do they use authentic Buick GM parts?
Will they get my Buick back to its pre-accident condition?
When you use a Buick Certified Repair Facility the answer is yes to all of the above!

STRUCTURAL PARTS FOR ORIGINAL STRENGTH

Insist on the safety and reliability of Original Equipment from GM Genuine Parts for your Buick repair.

STRUCTURAL PARTS

General Motors uses advanced materials such as Ultra-High-Strength Steel (UHSS) and aluminum to help ensure your Buick repairs meet strict safety requirements. Each of these materials need to be repaired with care and precision. That's why it's important to follow GM-approved repair procedures and use new GM Genuine Parts when structural repairs are necessary.

GM Original Equipment replacement collision parts are designed to retain a vehicle's safe structure with materials that exactly match the original specs and standards of the vehicle. UHSS offers rigidity, corrosion resistance, strength-to-weight ratio, and the potential for safety gains over other materials. It's high-quality steel for a high-quality finished repair.

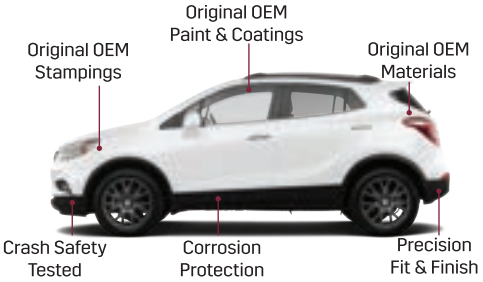
Additionally, GM offers uniquely engineered OEM solutions for front- and rear-end collisions that can be installed using predetermined fix locations, such as die marks or factory seams.

OUR FACILITY CAN REPAIR YOUR VEHICLE TO THE BUICK LEVEL OF QUALITY.

GM GENUINE PARTS SUPPORT KIT

For example, front and rear engineered support kits for the 2019–20 Chevrolet Silverado and GMC Sierra are designed to simplify what otherwise could be difficult work. These comprehensive assemblies are necessary for the repair of many front- and rear-end collisions and also help technicians achieve proper, safe, and time-saving repairs.

This kind of engineering foresight, coupled with high-quality materials, allows for quicker, complete repairs, and a quicker, safer return to the road.



*Based on the Crash Part Certification Study by the Department of Consumer Affairs and Bureau of Automotive Repair (BAR), in consultation with the California Department of Insurance.

KEEPING YOUR BUICK LIKE NEW

Keeping your Buick "like new" helps ensure you'll get the greatest return on your investment at the time of resale. Also, if you lease your Buick, you'll be expected to return it "up to standard," otherwise, you may be required to pay additional termination charges. Authentic collision repair parts by GM help protect you and your investment, and help minimize the possibility that your vehicle will lose some of its value unnecessarily.

It's your right to choose where your vehicle is repaired.

Choose

McNAUGHT CADILLAC BUICK GMC | BUICK

to restore your Buick to its original factory standards.

AutoCanada COLLISION CENTRES

Our fully equipped collision repair shops can handle your auto body repair needs. We operate closely with insurance companies to ensure that your vehicle returns to a like-new state quickly. The paint shop works tirelessly to match all colours and trims, yielding a factory-quality finish. From a mild fender bender to a more serious car crash, no one likes a car accident. Allow our trained professionals to complete your automobile restoration to manufacturer-specified standards.

WHY CHOOSE AN AUTOCANADA COLLISION CENTRE?

In the unfortunate event of an accident, trust an AutoCanada Collision Centre to take the utmost care in repairing your vehicle. With several locations and our vast coast-to-coast network of dealers, we can expedite repairs so your vehicle is returned as good as new in no time to the highest level in accordance with modern industry & OEM standards.

We know every manufacturer builds its vehicles differently. Our goal at AutoCanada Collision is to repair your vehicle back to the way it was built, the way it was meant to be.

Police

Report to the police within seven days if the collision involves:

- Fatality
- Serious injury (meaning someone was hospitalized)
- Unlicensed driver or unregistered vehicle
- Unidentified vehicle (e.g., hit and run)
- Failure to obtain particulars from the other party
- Suspected use of drugs or alcohol by the other driver

You do NOT have to report to the police if only property damage was sustained, no matter the value of the damage.

GLASS & WINDSHIELD REPAIR

At some point in your Buick's lifetime you may require glass or windshield repair or replacement. Your Buick's glass and windshields can become cracked, chipped, or scratched in the course of daily use. Windshields will also deteriorate over time due to factors like the sun, dirty windshield wipers and general debris from the road.

Our glass repair services include:

- ☑ Front & rear windshield repairs
- ☑ Windshield replacement
- ☑ Safety system recalibration
- ☑ Car window & power window repairs
- ☑ Competitive pricing & insurance claims assistance (if required)

Whether you require a simple glass repair, or a full windshield replacement our specialist team of auto glass technicians are here to help.
